

Oil & Gas Industry

Offshore & Onshore

About Us

Major supplier since the first North Sea oil field explorations in 1960's. Somers produce quality open die forged products trusted in the harshest of environments for land and subsea applications.

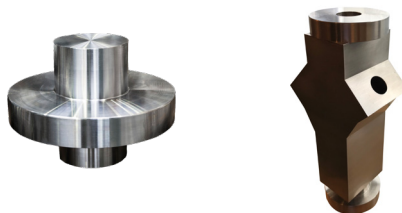

Why Choose Us

World leader in forging and engineering with a global reputation for quality.

- Onsite Laboratory
- AS/EN 9100 Series
- ISO 14001:2015
- Metallurgical Support

Somers Optimal Service

If you require urgent components for the oil & gas industry then you need Somers Optimal Service. The same quality forged parts you expect from the Somers name delivered in days rather than weeks, taking concern out of the equation.
